Dear Parents/Carers,

As we all approach the end of the academic year, I would ask you to reflect on the many extraordinary ways in which we have all had to adapt and adjust to a new way of living. The delivery of education has been incredibly challenging. I know it has not been easy. However, even though the stresses and strains of this time have been many and complicated, our school community, our young people, our parents, our staff, have all worked together with considerable patience and determination. I congratulate you all!

It is sad we have not been able to give our Year 6 the well-deserved shared 'send off' we usually arrange. However, we send them off in the same spirit with our absolute best wishes. Our staff have had the privilege of playing a significant part in their early years. As they embark upon the next stage in their educational journey there are new things to learn and new things to experience. We hope they take with them fond memories of their time with our federation and we wish every success in all their future endeavours.

Best wishes,

B Workman.

Bev Workman
