

Celebrating Volcano Week

What a successful week! Lots of happy, proud faces enjoying the work and pleased with their results. Well done Class 2!

Great concentration leads to.....

great work!

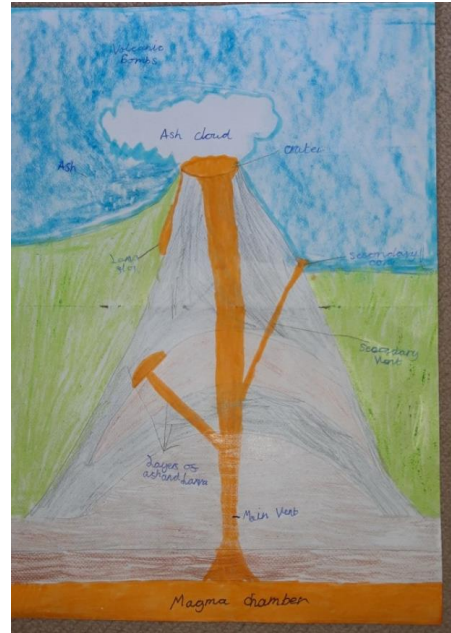

It doesn't matter where you work....Isabel likes working outside.

Volcano Poem

Like a boiling kettle,
Like chimneys of earth,
Like a hot pan of soup,
Tectonic plates fighting to reach the top,
More than 450 volcanoes along the Ring of Fire,
Like a devil's furnace,
The tectonic plates are rushing to the meeting.

By Avagrace

What did your volcano look like?

And finally...

Sophie's erupting volcano
