

Dear All

I hope you are managing at this very challenging time and you have been enjoying your home learning with your family.

I will be updating our class page on the website with learning activities for you. There are a variety of links to online learning and printable resources that can support your learning at home on the website.

Please do not worry if you are unable to complete the learning for whatever reason, as I understand the current situation is different for each of us.

Wishing you the very best - stay safe and take care.

From Mrs Cawthra

Hope you are finding some time for ERIC!
