## The Carlton & Faceby and Bilsdale CE Federation Newsletter

Friday 28th April 2023

Dear Parents and Carers,

We've had another busy week across the federation—I've been visiting classrooms and have been so impressed with all of the children's hard work and the super teaching from our fantastic staff.

A huge thank you to our hardworking volunteers who helped to spruce up the field and garden area at Bilsdale last weekend, it's truly been a 'Groundforce' worthy transformation! This means that our field is now safe for the children to use—see attached for some pictures.

Thank you also to those parents who were able to join us for the 'Meet the Headteacher' session this morning—it was fantastic to be able to share a bit about myself and the vision for our fantastic schools.

With best wishes for a lovely weekend,

Mr. M. Scott

Executive Headteacher

## News from the Classes

### Bilsdale

Bilsdale children have had a busy week. Class 2 have focused on their writing this week and are being very creative developing the plot points of 'The Lost Thing'. They have recapped previous learning in Geography remembering the features of the earth, time zones and lines of latitude and longitude. It is really impressive to see how hard all the children are working in Maths. Class 1 have started writing a biography about Florence Joyner and have found out key facts and information. In Geography they have been using an atlas to explore continents and countries. They have started their History topic by finding out about famous people and what makes them famous.

### Carlton Class 1

Class 1 have had a brilliant week exploring our new topic 'Ready, Steady, Grow!' With the lovely sunny weather we have spent a lot of time outdoors building resilience, using our initiative and continuing to develop our whole body strength and balance on the Timber Trail and balance bikes. We have also become detectives, we got our magnifying glasses out and began to explore the ever-growing planter in the quad. This led to some brilliant inquisitive questions from the children.

### Carlton Class 2

This week started with a fun filled afternoon at Wisdom of the Woods. The children had great fun learning about habitats and then enjoyed making a suitable habitat for their handmade clay creatures. On Tuesday afternoon, we enjoyed being reunited with our creatures and their habitats after a good night's sleep. In Maths, we have continued to work hard. Year 1 have enjoyed making arrays and Year 2 have enjoyed recognising and finding halves and quarters.

We have continued to enjoy our work on sporting biographies in English and have begun writing a biography on Florence Joyner. In computing, we have learned how to input data into cells in a spreadsheet.

### Carlton Class 3

It's been a focussed, hard working week in Class 3. Y3 and Y4 continue to develop their fractions and decimals skills. Y5 have refreshed their knowledge of types of angles and have learnt how to use a protractor to measure angles. Y6 have used known facts about vertically opposite angles and angles in triangles to calculate missing angles. In History, the children have been researching different African Kingdoms and in preparation for the coronation, they have written a biography about King Charles detailing his interests.

### Urban Kaos Dance Workshop—Friday 21st April

Last Friday, the children had great fun learning lots of new dance skills with Sam from Urban Kaos. All our pupils were a credit to us all and impressed Sam with their street dances! For more photos please see Tapestry.

Thank you to Mrs Cawthra for organising!

# What parents need to know about AGE RATINGS

If you have children, it is understandable to have concerns about the films and TV shows they watch, as well as the games they play. In this guide, we take a look at the two official ways you can assess if a particular title is suitable for your child. Both the BBFC and PEGI have search facilities on their websites that can be used to look up individual titles so you can check their ratings.

## RATINGS FOR FILMS, TV & MUSIC VIDEOS

Since 1912, the BBFC (British Board of Film Classification) has informed UK residents of the age suitability of films, TV and music videos - providing parents with the information needed to assess whether or not it is appropriate for their child's age. This applies to cinema releases, DVDs and streaming video services such as Netflix.

### WHAT ARE THE BBFC RATINGS?

BBFC ratings are broken down into seven age categories:

 Universal, suitable for all ages	 Parental Guidance required	 Suitable for people aged 12 and over	 Suitable for people aged 12 and over; anyone younger must be accompanied by an adult
 Suitable for people aged 15 and over	 Suitable for people aged 18 and over	 Adult content only available in specially licenced cinemas and specialist retailers	

### WHAT ELSE CAN BBFC REVEAL?

Accompanied with the age suitability rating, BBFC also provide an additional warning regarding the content and what to expect, such as swearing, sexual content, violence and anything you may consider to be inappropriate for your child. In addition to this, the content is also rated in three levels: frequent, mild or strong.

### LIMITATIONS OF BBFC RATINGS

It's important to note that there is no obligation on streaming video services to use or display BBFC ratings. Due to this, we advise that you check the rating online before your child streams the content. It may also be a good idea to watch the content first yourself or discuss it with other parents to help you decide whether or not it is suitable for your child.

## RATINGS FOR GAMES

PEGI (Pan European Game Information) is a content rating system that ensures all video games are labelled with a minimum age recommendation. These age recommendations are based on the types of content featured within a game. With each game, PEGI also provide a content descriptor that indicates the potential issues and concerns, including sex, violence, bad language and drugs.

### WHAT ARE THE PEGI RATINGS?

PEGI ratings are split into age restriction and content descriptors. Additional 'content descriptors' help parents and children to understand the type of content featured within a particular game, including sex, fear, bad language, discrimination, gambling, drugs, violence, and in-game purchases. In combination, the two different ratings can provide a good level of information to help make informed decisions regarding the suitability for your child.

PEGI age ratings are broken down into five categories:

 <a href="http://www.pegi.info">www.pegi.info</a>	 <a href="http://www.pegi.info">www.pegi.info</a>	 <a href="http://www.pegi.info">www.pegi.info</a>	 <a href="http://www.pegi.info">www.pegi.info</a>	 <a href="http://www.pegi.info">www.pegi.info</a>
---	--	---	---	---

PEGI content descriptors are broken down into eight categories:

### LIMITATIONS OF PEGI RATINGS

It's possible for young people to buy games online without a required proof of age, opening them up to age-inappropriate content without you knowing. We advise that you regularly monitor your child's gaming activities and maintain a honest and healthy dialogue with them about the online world.

### PARENTAL CONTROLS

It is a good idea to put in place parental controls for all online accounts which your child may use to purchase or download online games e.g. The App Store, Google Play Store, PlayStation Store and Microsoft Xbox Store etc.
